## Project Design Phase-II Data Flow Diagram &User Stories

Date	03October 2022
Team ID	PNT2022TMID445311
Project Name	Smart Fashion Recommended Application
Maximum Marks	4 Marks

## **Data Flow Diagrams:**

This thesis has been designed as a part of three staged research on personalized fashion recommender systems, as illustrated in the Figure below. What has been done through this research is considered as stage one.

Data Flow diagram

## **User Stories**

Use the below template to list all the user stories for the product.

Requirement (Epic)	Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)  Registration  USN-1  USN-2  USN-3  USN-4	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard	High	Sprint-1	
	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1	
	As a user, I can register for the application through Facebook	I can register & access the dashboard with Facebook Login	Low	Sprint-2	
	As a user, I can register for the application through Gmail		Medium	Sprint-1	
Login	USN-5	As a user, I can log into the application by entering email & password		High	Sprint-1
Dashboard					
Service		As a user, I can ask my queries in Watson Chabot at Natural Language	I can communicate at natural Language	High	Sprint-3
Survey		I can be verified the account and product	I can check the detail about product and user verified account	High	Sprint-1
Recognize		I can recognize the history of user .	As a admin I can know the cookies of customer.	Medium	
Delete		As a admin have a authority of deletion.	I can delete the unusable account for the long period.	High	
	Login Dashboard Service Survey Recognize	USN-2 USN-3 USN-4 Login USN-5 Dashboard Service Survey Recognize	entering my email, password, and confirming my password.  USN-2 As a user, I will receive confirmation email once I have registered for the application  USN-3 As a user, I can register for the application through Facebook  USN-4 As a user, I can register for the application through Gmail  Login USN-5 As a user, I can log into the application by entering email & password  Dashboard  Service As a user , I can ask my queries in Watson Chabot at Natural Language  I can be verified the account and product  Recognize I can recognize the history of user .	entering my email, password, and confirming my password.
